Phone Call request- Bio Microbics- Pineview Estates

Aaron,

I'm going to take you up on your offer to give these folks a call from EPA.

I've tried calling and e-mailing

I'd like to talk with someone on their engineering-design staff

The same question I've gotten from there receptionist when I've called is what state I'm in and they are trying to route you to a local sales-installer representative in your area

Everyone is in a meeting the six times I have called?

Anyway the phone number is 1-800-753-3278

Thanks ahead of time,

Dave
